Better outcomes.  
Together.

**Questions or concerns?**  
Please contact our  
procurement or ethics hotline.

# Buyer Code of Conduct.

Retail Stores and Brands want to ensure that their products are made by complying the protocols of safe working and environmental conditions. It is highly considered that workers at those sites are treated well, work under safe conditions and the site meets environmental standards. Suppliers are asked to comply with local legal standards and customer standards. This process is purely intended to promote increased awareness of labor conditions within the supply chain and to facilitate improvement
